**To Whom It May Concern,**

I am pleased to write this letter of recommendation for Lang Holding with 34 North Builders, LLC, who has worked with me on building my custom home.

This was a very difficult construction project that required a lot of decisions, frequent meetings and collaboration.

This was a challenging and multifaceted construction project that involved making critical design decisions, coordinating with various subcontractors, and holding frequent meetings to address complex site conditions and resolve unexpected issues. This level of collaboration and adaptability was essential to keeping the project on track and ensuring its successful completion.

Throughout the construction project, Lang consistently demonstrated exceptional knowledge, experience, professionalism, and reliability. His attention to detail and commitment to quality were evident in every phase of the construction. Lang maintained clear communication and transparency, ensuring that all stakeholders were informed and satisfied and was a pleasure to work with.

I highly recommend Lang Holding with 34 North Builders, LLC, for any construction or building project. Please feel free to contact me at 704-779-3835 or [burnsheather222@gmail.com](mailto:burnsheather222@gmail.com) if you require further information.

Sincerely,

**Heather Burns**
